GOVERNMENT agents have located \$400,000 more of the money stolen by Oberlin M. Carter. If Carter could just have kept that \$700,000 concealed until his five-year sentence was out, he would have been in clover the rest of his life.

### Only De Facto.

FRANKFORT, Ky., Sept. 28.—Special Judge Edelen to-day decided that the Republican clerks in the State offices at Frankfort, who sued for salaries alleged to be due them from the time the contest board decided for the Democrats (in February, 1900.) till the Court of Appeals' final decision in June, were not entitled to pay because they were de facto officials.

Rev. R. D. Biven Retires From the Ministry. ASHLAND, Ky., September 28.—Rev. R. D. Biven, who has served Nicholasville charge the past year, and who had some trouble, which, it is alleged, he tried to settle with his fists, withdrew from the ministry of the Methodist Episcopal Church.

T. J. Anthony was tried in open conference for failing to report to his conference and was located.

The benevolent collections for the past year amounted to \$7,102, a net gain of \$470. A good showing for the charges.

### The People to Blame.

[Minneapolis Times.]

It is not too much to say that the illegal trust, the trust that kills competition, that dictates the prices of the necessities of life, that produces for its members fortunes so colossal as to be simply startling, are a greater menace to the safety of the republic than is the whole brood of anarchy, dangerous and damnable as the latter confessedly is. It is not necessary to reason about this statement, because feeling runs with judgment in the acknowledgement of its truth. After all it is the people who are to blame. Trusts are fostered, grow fat and fatter because the public permits it.

### Trusts Bring in Anarchists.

[Chicago Chronicle.]

Some of the people who are going to stamp out anarchy in the United States by restricting immigration will be disagreeably surprised later on when they discover that the great protected industries do not intend to have their cheap labor supply cut off in this or in any other manner. The protection of "American industry" requires a constant supply of "American labor" which can be had only in those regions in Europe where the people are accustomed to conditions of life far below any that obtain in America outside of the protected industries. To shut off this immigration would compel the tariff-favored trusts to employ Americans at American wages and this they will not do.

Perry Wells, aged eighty-seven years, of Bath County, has made a wonderful tomb for the preservation of his body when he dies. On his farm is a huge rock protruding from the side of a hill, and in this rock Mr. Wells had his sepulchre chiseled. A huge flat rock, on rollers, lies besides this strange tomb. It will be rolled into position when he dies, and will be immediately sealed. It took the combined strength of nine yoke of oxen to get this covering beside the grave.

Reports from all corporations who have to pay a franchise tax, such as street railway companies, electric light, gas, water and telephone companies, must be in the office of the Auditor of the State by the night of Monday, September 30th. There is a fine of \$1,000 for failure to have the report in the Auditor's hands by that time, and a penalty of \$50 a day for every day the report is over due. The Auditor has announced that he will enforce the law.

You want to be right up in G if you are an Elk, and get one of those handsome pins and charms on sale at Ballenger's. Great variety, ranging from \$1 to \$50.

### Stood Death Off.

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50c. at J. Jas. Wood & Son's drug store.

## CRISTIAN CHURCH CO-OPERATION.

Resolutions Adopted at the Recent Convention at Germantown—Statistics of Mason County.

At the second annual convention of the Christian churches of Mason County at Germantown, the following resolutions were adopted:

1. That the Executive Committee, provided for by the constitution, be authorized to negotiate with all churches in the county which do not have preaching every Lord's Day to the end that such co-operation of neighboring churches be secured as shall enable them to have the services of a minister located in the county.
2. That the officers of such churches be urged to make all reasonable concessions that may be required in order to secure co-operation of neighboring churches.
3. That churches needing ministers and desiring advice or information to enable them to fill the vacancy be encouraged to apply to the Executive Committee.
4. That whenever possible classes be organized for the training of teachers and Sunday school workers.
5. That each church make a special effort to evangelize its entire district by conducting meetings in school houses or other available buildings which can be secured for this purpose and that the members of the congregations unite with their preacher in these efforts as co-laborers with him in God's service.
6. That afternoon Sunday schools be organized in places removed from the churches so far that the children fail to attend the regular Sunday school.
7. That each church in the county make an organized effort to secure the attendance of every child in its district who does not attend Sunday school.

## LUXURIOUS TRAIN

That Will Convey Morgan and Friends To San Francisco.

[New York Cor. Chicago Chronicle.]

J. Pierpont Morgan has flitted out to take to the Episcopal convention in San Francisco a train de luxe that is a rushing palace on wheels.

It consists of six parlor coaches and will leave as the second section of the Empire State express from the Grand Central station at 3:35 o'clock to-morrow, five minutes after the Empire State. One hundred of the most prominent clergymen of the East will go as Mr. Morgan's guests. The magnate is bearing all the expense.

Each coach is fitted up regardless of expense. Workmen have for three days been examining every screw, bolt, rod and wheel of these coaches to see they are faultless. The train of six coaches includes an elaborately equipped dining car, a library and baggage car.

Each delegate that has the good luck to form one of the party will live as a millionaire does en route. Costly fruit and wines, expensive foods and choice cigars lurk in the chief's quarters.

Mr. Morgan is a lay delegate himself. He will entertain the delegates at the Croker mansion in San Francisco.

The trip is expected to be a record breaker. The special will closely follow the Empire State to Buffalo, but will not stop in that city. It will pass through the suburbs and by way of the Belt Line reach the Lake Shore. It was expected that special efforts will be made to "make time" all along the about thirty days.

## AN UP TO DATE ADVERTISER

Insurance Agent Quick to Avail Himself of an Accident.

Advertising now is an art, says the Montgomery (Ala.) Advertiser, and a live business man never loses an opportunity to get himself or his business before the public eye.

A notable instance of this is furnished by an accident insurance man at Memphis, Tenn. A few days ago a street car in that city jumped off a bridge into a ditch 20 feet below, fatally injuring two or more and seriously injuring many others.

The accident occurred at a few minutes to 2 o'clock, and an hour later the afternoon paper came out with a full account of the accident, and just beneath the sensational write up of the accident appears the following advertisement from a life insurance agent under the head of "Individual Accident."

"Insurance of all forms written. Combination policies pay double benefits if injured while a passenger on street cars, railroads, steamboats, etc. The largest insurance agency in Tennessee."

Who will say that advertiser is not an up to date man? He will succeed, and he ought to succeed. Such a man can't be kept down.

Chicago, Sept. 30.—The Cook County Democratic Marching club decided to visit Louisville in the interests of Charles Granger, Democratic candidate for mayor. The party will consist of over 300 marchers. According to present plans they will spend three days in Louisville cheering for the Democratic candidate.

Louisville, Sept. 30.—The thirtieth annual meeting of the Society of the Army of the Cumberland will be held in this city on October 8 and 9. The headquarters of the society will be at the Galt House and the meetings at the Board of Trade hall. All honorably discharged officers and enlisted men who served in the Army of the Cumberland are eligible to membership, and will be welcomed at its meetings whether members or not, as will all members of other military societies. The annual oration will be delivered by Col. A. Blakesly on the night of October 8.

Pittsburg, Sept. 30.—As a result of an attempt to use oil to hurry along the kitchen fire Mrs. Barbara Sturgent is dead, her husband, Andrew, and their son, George, are dying, two other children of the family, Barbara and Andrew, are very badly burned. The family occupied two rooms of a tenement house in Braddock. Mrs. Sturgent, while getting the breakfast, started to pour oil on the kindling wood in the stove and immediately an explosion followed. The room was filled with clothing hung on a line to dry. In an instant the two rooms were a blazing furnace. Mrs. Sturgent was burned to death, while her husband and son are literally cooked. The other families in the building were rescued by prompt work by the firemen.

Rumored That the Ohio River Road Will Operate Over the C. and O. Between Kenova and Cincinnati.

It is reported on good authority that the Ohio River Railway extending from Pittsburgh to Kenova will operate over the C. and O. hereafter between Kenova and Cincinnati.

For some time the trains have been going from Kenova to Cincinnati over the N. and W. and the C., G. and P. According to the report referred to the eastbound train will pass Maysville about 8:30 a. m. and the westbound about 5:30 p. m.

With Saturday night's performance the Howard-Dorset Company closed their engagement here for the season, much to the regret of all those who had the pleasure of witnessing their productions. This is undoubtedly one of the very strongest repertoire companies on the road to-day, and it is to be hoped that Maysville may be included in their circuit of towns upon each occasion of their appearance in this section.

Conductor Sherman of the Maysville accommodation train has moved to this city from Covington. He and his family have rooms at the C. and O. station.

#### LOCAL FREIGHT WRECKED.

A Very Serious Accident Narrowly Averted on the C. and O. Late Saturday Afternoon.

The local C. and O. freight train from Russell Saturday afternoon had a narrow escape from a disastrous wreck near the coal docks, east of the fair grounds.

The train was slowing down to stop at the docks, when a brake beam on one of the cars became unfastened and fell on the track, derailing four cars.

All traffic was delayed several hours. The Huntington accommodation returned to this city until the track was cleared.

A wrecking crew had to be sent to the scene to get the derailed cars out of the way. Two of the derailed cars were filled with merchandise for Maysville firms.

The members of the crew escaped without injury.

Had the train been running at full speed, the wreck would have been a most serious one.

#### SUNDAY SCHOOL CONVENTIONS.

Elzie Owens, of Lewisburg, is in jail charged with shooting and wounding Tom Stockton. The parties are colored. Stockton's wound is in the foot and is not a very serious one. The trouble occurred at a negro dance, and was caused by Stockton applying some abusive epithets to Owens' wife. Owens will be given a hearing to-morrow before Squire Rice.
